

A Newsletter for Members of American Heritage Credit Union

KEEPING OUR MEMBERS & COMMUNITY **HEALTHY AND SAFE**

Dear Members,

We would like to reassure you that the health, safety and service of our members and employees are always our priority. American Heritage Credit Union has implemented business continuity initiatives to ensure that we remain open for business and continue to provide access, support and stability to our members. Now more than ever, we stand ready to support our members and provide whatever support we can as our nation recovers from this historic pandemic.

We have created a comprehensive portal where you can learn more about the steps we have taken to prepare our employees and members, and continuous updates on the support we are providing.

YOU CAN VISIT THIS PORTAL AT [AMERICANHERITAGECU.ORG/UPDATE](https://americanheritagecu.org/update)

In addition, we are implementing several programs to help our members and partners through this crisis:

SUPPORT FOR BORROWERS

- We launched our Skip-a-Pay program, and eligible Home Equity Loan, Personal Installment Loan and Auto Loan accountholders can skip their May monthly loan payment by notifying us in April.*
- We are waiving late fees on all American Heritage credit card, consumer loan, mortgage and commercial loan payments due in April.
- For first mortgage borrowers, a range of hardship programs are available from our servicing partner, Midwest Loan Services. You can contact them directly at 800.240.4214 to discuss your situation.
- Our business and commercial loan borrowers can contact our commercial lending department directly with questions or concerns

ACCESS TO FUNDS AND TRANSACTIONS

- For our members with Certificates or Certificate IRAs, we are waiving all early withdrawal fees for the time being in the event that you need to access funds.
- We stand by the our philosophy of people helping people, so we are waiving fees on the following: foreign ATM transactions, minimum balance fees on Money Markets and High Yield Savings, and excessive withdrawal fees.
- Our cutting-edge interactive PAT machines, located at most branches, have allowed members to make deposits, transfers, get live support from our tellers, transact during later hours, all while maintaining social distancing guidelines.
- We have added an online forms library to help our members perform account services and other important transactions remotely.

SELF-SERVICE ONLINE & MOBILE TELLER:

We strongly encourage you to use our Online Teller and Mobile App, where you can perform most of your transactions like paying your bills, checking balances, paying loans, applying for new loans, making transfers, mobile deposits and more. And, use your Online Teller to set up your eStatement delivery to avoid the mail. You can activate your eStatements if you have not already and reduce your exposure to mail flow and related contamination risks. For

a limited time, **we will provide a \$5** bonus to any member who activates eStatement between now and April 30TH**. You can download our Mobile Teller app from the Apple App Store or from the Google Play store.

OTHER PAYMENT OPTIONS:

Any member can load an American Heritage debit or credit card into your Apple Pay, Google Pay or Samsung Pay, and simply use our tap and go mobile wallet at accepting retailers. This can avoid having to use your card or keypads in public locations.

PROTECTING OUR EMPLOYEES AND THE COMMUNITY

As part of our normal business continuity planning, we have been able to situate large portions of our employees to work safely and securely from remote locations to ensure that we are well-prepared for no interruption in business operations or member service. We have also been able to redeploy portions of our branch staff to provide phone and PAT support to our members. We are working with all of our employees to ensure that they are safe, able to balance their home and work obligations, and are able to continue serving our members.

Unfortunately, many of our community events such as Membership Appreciation Day, educational seminars and others have been postponed as a precaution as well.

As this pandemic has evolved, you can be assured that the leadership of our Credit Union has been able to seamlessly adapt thanks to the pre-planning and investments and technology we have implemented in recent years.

The Board of Directors, Management and Employees of American Heritage stand with our members and we are here to help you through these challenging times. We deeply appreciate your membership, and your well-being is our top priority.

WE OFFER **YOU** THE **RIGHT** FINANCIAL SOLUTIONS BECAUSE YOU'RE **FAMILY**.

MEET PAT[®]

PERSONAL AUTOMATED TELLER

As our branch accessibility has changed through the COVID-19 Pandemic, you can still perform all of your teller transactions, and see the smiling faces of our staff, through our fleet of PAT machines! We were one of the very first institutions to implement interactive teller machines, and more than ever, PAT is helping our members perform their daily financial transactions.

WHAT IS PAT ABLE TO DO?

Because a PAT machine is able to function both as an ATM and as a standard teller, it is capable of performing a variety of tasks. You can use a PAT machine for cash or check deposits and withdrawals, transfers, loan payments, and account reviews. And, for cash withdrawals, you can even specify the denomination of bills you'd like to receive. Consumers and business owners alike tell us how helpful this is!

DOES PAT OFFER PRIVATE TRANSACTIONS?

We want you to feel secure while you're performing your transaction, so we have taken several steps to defend your information and enhance your privacy. PAT has many of the security features of a traditional teller line, if not more! The audio and visual information displayed are designed to be accessible to the current user only and identification is required for certain transactions. PAT machine technology has been evolving at American Heritage for over a decade and we always have your privacy in mind.

WILL USING PAT HURT THE WORKFORCE?

Every PAT Teller features an American Heritage employee, stationed at our local headquarters in Philadelphia. Since the demand for PAT has increased, we have fortunately been able to hire more employees and even double the size of some teams! In addition, employees

are granted the opportunity to be more adaptable and meet a wider range of members throughout the branch network to better understand the needs of individual areas.

Please read more about our PAT machine (and the friendly faces you'll meet using it) in our article "More Than A Machine: Meet PAT."
